

Classroom Activity Guide

**CHOOSE A
CAREER
ADVENTURE**

Creative Career Exploration Starts Here

The *Choose A Career Adventure* series offers immersive “you are there” career exploration experiences. It starts with readers making interest-based choices about which chapter to read first. Each career vignette puts readers in the middle of an action-packed day—solving problems, making discoveries, and enjoying success.

The **Your Career Adventure Starts Here** section of each chapter includes two ways for curious readers to extend learning in interactive and enjoyable ways:

Explore It!

Explore It! encourages using Internet research skills to seek out information and dig deeper into the subject matter.

Try It!

Try It! invites exploration and furthers the immersive experience with activities and projects that let readers find out more about what the career is really like.

The **Career Adventure Starts Here** reproducible hand-out included in this guide offers readers a chance to reflect on these experiences and share their discoveries.

At the end of each book, readers are challenged to **Write Your Own Career Adventure**. A reproducible hand-out of this activity is also included in this guide.
